

# Career Pathways at Coles Liquor

This picture shows many possible career pathways. There is more than one pathway that can help you reach your career destination and you can start your career pathway with us on your very first day in store.

The different steps along a career pathway may involve training, undertaking further study, such as a Traineeship or Higher Education, and participating in special projects and assignments.

When you research your own career, speak to people who are working in the area in which you would like to work and ask them how they reached where they are today.
